"Live Well, Laugh Often, Love Much"

Always Near

I'm watching my family
They don't know I'm here
I'd like to whisper something
In their ear.

I know that they miss me
Since I went away
They are not aware of my visits
Everyday.

Here in Heaven
I'm so alive
Happy and at peace
And able to thrive.

I'd never frighten my family
I've made that clear
But I'd love to give them a sign
That I'm always near.

When our loved ones die
And we are apart
Know that they tenderly hold us
Inside each heart.

Peeking into the future
Would be exciting to see
But I've decided to end my peeking
And let the future be.
